# Master of Science in Finance (MSF)

Masters programs are for Male and Female students

## ◆ About The Program:

The Master of Science in Finance (MSF) will contribute to effectively qualify and prepare the students to become professionals and top national and international leaders in this growing sector. The program is designed in order to equip students with a solid understanding of financial theory and research methodology and to prepare graduates for successful careers in analysis and consultancy in the private and the public sectors.

Additionally, the program provides an excellent preparation for students planning to pursue Doctoral studies by enhancing their research and analytical skills.
